

ADVANCE-TB SHORT-TERM SCIENTIFIC MISSIONS GRANT CALL For Grant Period 3

ADVANCE-TB COST Action 21164 opens a call for Short-Term Scientific Missions (STSMs) Grants, for the Grant Period 3 (1st November 2024 - 31st October 2025). Before applying for the Grant please see [Annotated Rules for COST Actions](#) that govern all activities of COST Actions.

A. PURPOSE OF SHORT-TERM SCIENTIFIC MISSION GRANT

Short-Term Scientific Mission (STSMs) is a grant awarded by the Grant Awarding Coordinator and the Grant Evaluation Committee, if appointed, with evaluation criteria set up by the Action Management Committee (MC), to an individual for supporting physical mobility aiming at capacity building and transfer of knowledge through bilateral/multilateral collaborations during a research stay in a different country.

STSMs are exchange visits to a host organization located in a different country than the country of affiliation of the applicant to carry out specific work as part of a research project. In addition to the research purposes, STSMs aim to support individual mobility, strengthen existing networks, and foster collaboration between COST Action participants.

A STSM should specifically contribute to the COST Action's scientific objectives while allowing those partaking in the missions to learn new techniques and gain access to specific data, instruments, and/or methods not available in their institutions/ organizations.

The amounts granted for each STSM will be determined during the evaluation process by the Grant Awarding Coordinator and the Grant Evaluation Committee, if appointed. This will be calculated according to the costs of travel, the Daily Allowance (DA) of the host country and the length of stay (numbers days), with a maximum of €4,000 per grant.
